NOTICE OF SPECIAL MEETING OF SHAREHOLDERS

Notice is hereby given that a Special Meeting of existing shareholders of Lombard Group Limited (**Company** or **Lombard**) will be held at the offices of Minter Ellison Rudd Watts, Level 17, 125 The Terrace, Wellington at 10.30 am on 10 March 2010.

BUSINESS OF THE MEETING

The business of the Special Meeting is for the Existing Lombard Shareholders to consider a proposal to give effect to a reverse listing of Australian Consolidated Insurance Limited (**ACIL**).

The Explanatory Notes which accompany this Notice of Meeting set out:

- the details of each transaction which form part of the Proposal which are the subject of the Resolutions; and
- the shareholder approvals required for each Resolution pursuant to the NZSX Listing Rules (**Listing Rules**), the Companies Act 1993 (**Companies Act**), the Corporations Act 2001 (Cth.) (**Corporations Act**) and the Company's constitution (**Constitution**).

EXECUTIVE SUMMARY

Capitalised terms are defined in the Glossary on page 25.

The Proposal seeks to give effect to the proposed reverse listing of ACIL. If all of the Resolutions relating to the Proposal are approved, the overall effect for Existing Lombard Shareholders will be that they will receive an interest in an unlisted vehicle, equal to their current interest in Lombard, that contains Lombard's residual assets, they will continue to hold their Existing Lombard Shares and Lombard will then have as its primary asset full ownership of ACIL and, so that they can elect whether to continue as investors in the restructured company, Existing Lombard Shareholders will have a buyback offer made for their Lombard Shares at NZ\$0.01196 per Existing Lombard Share.

The Proposal has a number of interdependent steps. The steps have been put together by the Company to ensure Existing Lombard Shareholders are treated equally and fairly, and to ensure they retain an interest in the Company's business and assets without further capital contributions.

The steps of the Proposal are:

- Lombard will make a takeover offer to ACIL Shareholders for all of the ACIL Shares, being 42,834,287 ordinary shares in ACIL (**Takeover Offer**);
- Lombard will migrate its place of incorporation from New Zealand to Australia (**Migration**);
- if Lombard receives acceptances from ACIL Shareholders under the Takeover Offer holding 90% or more (by number) of the ACIL Shares:
 - Lombard will transfer Lombard's business, assets and liabilities (other than a series of existing liabilities valued at approximately \$220,000) to a subsidiary, First One Holdings Limited (**FOL**), which has been incorporated for the purpose of receiving and holding Lombard's business, assets and liabilities, and in return Lombard will receive 23,406,435 FOL Shares (**Divestment**). FOL currently has no business, assets or liabilities;
 - each Existing Lombard Shareholder will receive from Lombard a distribution of the FOL Shares in proportion to its current shareholding in Lombard (**Distribution**);
 - Lombard will acquire all ACIL Shares under the Takeover Offer and as consideration for the acquisition of all the ACIL Shares will issue a total of 1,480,246,656 New Lombard Shares to the ACIL Shareholders (**Share Issue**); and

- if approved by the required majority of New Lombard Shareholders, Lombard will make a buy back offer in cash for all Existing Lombard Shares held by the Existing Lombard Shareholders on the Entitlement Date, and that continue to be held by Existing Lombard Shareholders on the Buy Back Offer Date, at a price per Existing Lombard Share which is equal to the exchange price for a New Lombard Share under the Takeover Offer (**Buy Back**). Shareholders will have no obligation to accept the Buy Back.

Each of these steps is described in more detail in the Explanatory Notes.

If the Proposal is completed in its entirety:

- FOL will hold the business, assets and liabilities currently held by Lombard (other than a series of existing liabilities valued at approximately NZ\$220,000). FOL will be wholly-owned by the Existing Lombard Shareholders in proportion to their current shareholding in Lombard. FOL will not be listed on a registered exchange. Further detail about FOL is described in Explanatory Note 3.
- Lombard will change its name to “Insured Group Limited”, will be incorporated in Australia and will continue its NZSX listing, but its business, assets and liabilities will be those currently held by ACIL, plus a series of existing Lombard liabilities of approximately NZ\$220,000. Lombard will be predominantly-owned by the ACIL Shareholders in proportion to their current shareholding in ACIL.
- ACIL will be wholly-owned by Lombard.

The benefits of the Proposal to Existing Lombard Shareholders are:

- they retain their current interest in Lombard’s business, assets and liabilities through their shareholding in FOL and (if they choose not to participate in the Buy Back) obtain a small interest in Lombard’s investment in ACIL;
- once the transaction is complete, Existing Lombard Shareholders will (again, if they choose not to participate in the Buy Back) have the potential to increase the value of their combined shareholdings in both FOL and Lombard; and
- the ACIL transaction may generate certain operational synergies which may benefit all Lombard shareholders. The valuation of Lombard following the ACIL transaction in the Independent Appraisal Report has not incorporated the potential value of synergies as these are yet unquantified and still under study.

The Board is of the opinion that if the Proposal is not approved and does not proceed there are no real prospects for the Company. The Company has diminishing revenues and it is considered very unlikely that an alternative offer would materialise if the Proposal does not proceed.

The Resolutions to be considered and voted on at the Special Meeting are required to approve the transactions described above and to complete the Proposal as a whole.

WAIVERS

Lombard has been granted a waiver from NZX from:

- Listing Rule 3.3.1(b) for three months so that Lombard can after completion of the Proposal operate with only one director being ordinarily resident in New Zealand; and
- Listing Rule 5.5.1(b) so that the meeting of New Lombard Shareholders to consider the Buy Back can be held in Australia. This waiver has been granted subject to the condition that should Lombard have New Zealand registered shareholders on its register at the time of holding the meeting:

- the chairman's address and presentation must be released to NZX at the time of the meeting; and
- questions are required to be submitted in advance of the meeting and any answers must be transcribed and released to NZX within 24 hours of the meeting concluding.

EXPLANATORY NOTES

The Company is listed on the NZSX market and must comply with the Listing Rules. While the Company is incorporated in New Zealand, the Company must also comply with the Companies Act. If the Company migrates to Australia, it will cease to be subject to the Companies Act, and will instead be subject to, and must comply with, the Corporations Act.

The Resolutions set out in this Notice of Meeting are variously required by the Listing Rules, the Companies Act, the Corporations Act and the Constitution and their implications, insofar as they relate to each Resolution, are addressed in the Explanatory Notes below.

The Takeovers Code does not apply to the Proposal because:

- ACIL (as the target company) is a company incorporated in Australia. Accordingly, the Takeover Offer will be made in accordance with the Corporations Act and the Listing Rules.
- On its migration to Australia, Lombard will cease to be a “code company” (as that term is defined in the Takeovers Code). The migration is to occur before any New Lombard Shares are issued to ACIL Shareholders under the Takeover Offer that would lead to a change in the control of voting rights in the Company for the purposes of the Takeovers Code. As a result, no resolutions of Existing Lombard Shareholders are required under the Takeovers Code.

Explanatory Note 1 – Takeover Offer

Resolution 1 is to approve the Takeover Offer and is proposed as a Special Resolution.

The Takeover Offer is the offer by the Company to acquire all the issued share capital of ACIL being 42,834,287 ACIL Shares. It is the legal mechanism to give effect to the reverse listing of ACIL.

Under a reverse listing, the business of the target company (in this case, ACIL) is acquired by the listed company (in this case, Lombard) and becomes the sole business of the listed company. In this way, ACIL’s business would become listed on the NZSX market.

The Board seeks your approval for the Company to make the Takeover Offer for all the ACIL Shares to give effect to the proposed reverse listing of ACIL.

For the purposes of Listing Rule 9.1 and section 129 of the Companies Act, your approval of this Resolution is sought by way of Special Resolution.

If this Resolution is approved by Special Resolution of the Existing Lombard Shareholders, the Company will make the Takeover Offer on the following terms:

- the Company will offer to acquire all ACIL Shares held by ACIL Shareholders and will offer as consideration New Lombard Shares to the ACIL Shareholders (see Explanatory Note 2 for the terms of issue of the New Lombard Shares);
- the offer will be conditional on the Company receiving acceptances from ACIL Shareholders under the Takeover Offer for 90% or more of the ACIL Shares (by number) (**Defeating Condition**);
- if the Defeating Condition is met by the end of the Offer Period, and all other conditions are met or waived, the Company will compulsorily acquire all ACIL Shares for which it has not already received acceptances; and
- the offer will be made and completed on all other terms and conditions as are deemed appropriate by the Board, provided that said terms are not inconsistent with the above terms.

If the Defeating Condition is not met by the end of the Offer Period, the Takeover Offer will not be

completed and the Proposal will not proceed.

The Company currently has 23,406,435 Existing Lombard Shares on issue. If the Takeover Offer is successful and New Lombard Shares are issued to ACIL Shareholders:

- the Company will have a total of 1,480,246,656 Ordinary Shares on issue;
- the Existing Lombard Shareholders will hold approximately 1.5% of the Ordinary Shares on issue; and
- the New Lombard Shareholders will hold approximately 98.5% of the Ordinary Shares on issue.

As a result, the New Lombard Shareholders will, if they vote in the same way, have the power to appoint and remove the directors of the Company.

Resolution 1 is conditional on all other Resolutions in this Notice of Meeting being approved.

As a special resolution in respect of a major transaction (as defined in the Companies Act) any shareholder who votes all of their shares against Resolution 1 will, if the Proposal proceeds, have the right under section 110 of the Companies Act to require the Company to purchase their Ordinary Shares. The right to have shares purchased must be exercised within 10 Working Days of the passing of Resolution 1 by the dissenting shareholder by giving written notice to the Company.

If all other Resolutions in this Notice of Meeting are not approved by the required majority of Existing Lombard Shareholders, the Takeover Offer will not be made and the Proposal will not proceed.

Explanatory Note 2 – Share Issue

Resolution 2 is to approve the issue of New Lombard Shares to ACIL Shareholders under the Takeover Offer and is proposed as an Ordinary Resolution.

Resolution 2 is required to allow the issue of New Lombard Shares as consideration for the acquisition of ACIL Shares under the Takeover Offer.

Resolution 2 will not be proposed if Resolution 1 is not passed.

The Board seeks your approval for the Company to issue New Lombard Shares under the Takeover Offer to give effect to the proposed reverse listing of ACIL.

For the purposes of Listing Rule 7.3.1 and section 254D(4) of the Corporations Act, your approval of this Resolution is sought by way of Ordinary Resolution.

If this Resolution is approved by Ordinary Resolution of the Existing Lombard Shareholders, the New Lombard Shares will only be issued by the Company if:

- the Defeating Condition is met under the Takeover Offer; and
- the Company has been removed from the New Zealand Register of Companies and has been incorporated under the laws of Australia (see Explanatory Note 4 as to the details of the Migration).

If the Takeover Offer is successful, the Company will acquire all the ACIL Shares and will be required to issue a total of 1,480,246,656 New Lombard Shares (at a ratio of 34.55752 New Lombard Shares for each ACIL Share) to the ACIL Shareholders at an issue price of NZ\$0.01196 per New Lombard Share. The aggregate issue price of the New Lombard Shares (in other words, the consideration that will be paid for the ACIL Shares) is NZ\$17,703,750. That amount is the value attributed to the ACIL

Shares by Lombard. The value is consistent with the valuation of ACIL of NZ\$17,703,750 set out in the Independent Appraisal Report.

Each New Lombard Share will be issued with the following rights attached:

- the right to vote on a poll at a meeting of the Company on any resolution;
- the right to an equal share in dividends authorised by the Board; and
- the right to an equal share in the distributions of surplus assets of the Company.

The New Lombard Shares will rank equally with all Existing Lombard Shares. However, the terms of issue of the New Lombard Shares will:

- expressly disclaim any rights of holders of New Lombard Shares to participate in the Buy Back; and
- require holders of New Lombard Shares to vote in favour of the Buy Back at the New Lombard Shareholders Meeting.

The above terms of issue of the New Lombard Shares are to ensure that only the Existing Lombard Shareholders may participate in the Buy Back. Details of the Buy Back are set out in Explanatory Note 5.

Resolution 2 is conditional on all other Resolutions in this Notice of Meeting being approved.

If all other Resolutions in this Notice of Meeting are not approved by the required majority of Existing Lombard Shareholders, the Share Issue will not be made and the Proposal will not proceed.

Explanatory Note 3 – Divestment and Distribution

Resolution 3 is to approve the entry by the Company into the Asset Sale Agreement with FOL to give effect to the Divestment and the Distribution and is proposed as a Special Resolution.

Resolution 3 is required to allow Lombard to divest itself of its current business by transferring it to FOL and to ensure the Existing Lombard Shareholders continue to hold an interest in that business by receiving a distribution of shares in FOL in proportion to their current interest in Lombard.

If all the Resolutions are passed by the required majority of Existing Lombard Shareholders, the Board proposes that the Company will make a distribution of the FOL Shares to the Existing Lombard Shareholders. The FOL Shares will be distributed on the date of completion under the Asset Sale Agreement. The Distribution itself does not require any action to be taken by current Lombard Shareholders and, accordingly, no Lombard Shareholder resolutions or approvals are required for the Board to make the Distribution.

Resolution 3 will not be proposed if Resolutions 1 and 2 are not passed.

For the purposes of Listing Rule 9.1.1 and section 129 of the Companies Act, your approval of this Resolution is sought by way of Special Resolution.

The Divestment and the Distribution involve:

- the incorporation of FOL under the Companies Act, initially as a wholly-owned subsidiary of Lombard. As at the date of this Notice of Meeting, this step has already taken place. FOL will not be listed on a registered exchange;

- Lombard transferring all of its current business, assets and liabilities (other than a series of existing liabilities valued at approximately NZ\$220,000, comprising Inland Revenue payments, accrued employee benefits and trade creditors of Lombard and its subsidiary United Home Mortgages Limited) to FOL in return for the issue of the FOL Shares to it;
- the Existing Lombard Shareholders receiving a distribution of the FOL Shares in proportion to their existing shareholding in Lombard; and
- current Lombard directors Michael Reeves and David Wallace retiring from the Board if the Company receives acceptances under the Takeover Offer from ACIL Shareholders holding 90% or more of the ACIL Shares (by number) by the Closing Date. The Hon. William Jeffries will remain as a director and will be the Chairman of the Company after completion of the Proposal.

The Divestment and Distribution will take place under the Asset Sale Agreement. The key terms of the Asset Sale Agreement are set out below:

- Lombard will transfer to FOL:
 - (a) cash on hand and deposits at the bank;
 - (b) the ordinary shares of each of its subsidiaries, being Lombard Finance & Investments Limited (in receivership), Lombard Fund Mangers Limited, Lombard Mortgages Limited, Maestro Commerce Limited, Pure New Zealand Limited and Security Trustee Services Company Limited;
 - (c) securities (other than deposits and unsecured subordinated notes) issued by Lombard Finance & Investments Limited (in receivership) (**LFIL**) under its debenture trust deed dated 28 November 2002 (as amended and/or supplemented) and held by Lombard, having a face value of NZ\$2,000,000 but the value of which is severely impaired as a consequence of the receivership of LFIL;
 - (d) loan advances made by Lombard to each of Lombard Fund Mangers Limited, Lombard Mortgages Limited and Maestro Commerce Limited, each having an impaired value of NZ\$0; and
 - (e) the trade and other receivables and debts or amounts owing to Lombard,
 (collectively the **Disposed Assets**).
- FOL will take responsibility for the trade creditors, accruals and other debts or amounts owing by Lombard.
- In consideration for the transfer of Lombard's current business to FOL, FOL will:
 - (a) give Lombard an indemnity in respect of any liability arising from Lombard's current business (up to NZ\$500,000 which, in any event, is not to exceed the value of FOL's assets post divestment) for a period of 12 months; and
 - (b) issue and allot 23,406,435 ordinary shares in FOL to Lombard.
- Lombard will subsequently make a distribution of the FOL Shares to the Existing Lombard Shareholders. Lombard will distribute one FOL Share for each Lombard Share held.

Each FOL Share will be issued with the following rights attached:

- the right to vote on a poll at a meeting of FOL on any resolution;
- the right to a equal share in dividends authorised by the board of FOL; and

- the right to an equal share in the distributions of surplus assets of the Company.

The FOL Shares will rank equally with one another. However, the terms of issue of the FOL Shares will include an embargo period of 12 months from the date of issue within which no FOL Share may be transferred.

On completion of the Divestment and Distribution, each Existing Lombard Shareholder will:

- become a shareholder of FOL in proportion to their current shareholding in Lombard; and
- as a result, retain the same interest in the assets and liabilities transferred to FOL as it currently has in those assets and liabilities currently held by Lombard (other than a series of existing Lombard liabilities valued at approximately NZ\$220,000, comprising Inland Revenue payments, accrued employee benefits and trade creditors for Lombard and its subsidiary United Home Mortgages Limited).

The nature of FOL's assets and liabilities means that it is not anticipated that FOL will have a positive net value. In determining the number of New Lombard Shares to be offered for each ACIL Share under the Takeover Offer the Disposed Assets were not attributed a value. As a consequence, the Divestment and Distribution has been proposed to provide a means for Existing Lombard Shareholders to benefit from any upside in the realisation of value in the Disposed Assets. It is anticipated that a determination will be made at an appropriate time in the future as to whether any value exists. The means of making such a determination and of distributing any value to Existing Lombard Shareholders will be determined by the board of FOL.

In the absence of the creation of FOL any increase in the value of the Company's residual assets would not have been received by all Existing Lombard Shareholders.

If this Resolution is approved by Special Resolution of the Existing Lombard Shareholders, the Asset Sale Agreement will take effect only if the Defeating Condition is met under the Takeover Offer.

Resolution 3 is conditional on all other Resolutions in this Notice of Meeting being approved.

As a special resolution in respect of a major transaction (as defined in the Companies Act) any shareholder who votes all of their shares against Resolution 3 will, if the Proposal proceeds, have the right under section 110 of the Companies Act to require the Company to purchase their shares. The right to have shares purchased must be exercised within 10 Working Days if the passing of Resolution 3 by the dissenting shareholder by giving written notice to the Company.

If all other Resolutions in this Notice of Meeting are not approved by the required majority of Existing Lombard Shareholders, the Divestment and Distribution will not take place and the Proposal will not proceed.

Explanatory Note 4 – Migration

Resolution 4 is to approve the Company moving its place of incorporation from New Zealand to Australia and is proposed as a Special Resolution.

Resolution 4 will not be proposed if Resolutions 1 to 3 are not passed.

The Migration is a step in the proposed reverse listing process. On the conclusion of the reverse listing, Lombard will continue to be listed on the NZSX market but it will be the parent company of a group of Australian businesses and will have predominantly Australian shareholders. It is therefore desirable to have Lombard incorporated as a company under Australian law.

The Board seeks your approval for the Migration to give effect to the proposed reverse listing of ACIL.

For the purposes of section 352 of the Companies Act, your approval of this Resolution is sought by way of Special Resolution.

If this Resolution is approved by Special Resolution of the Existing Lombard Shareholders, the Company will make applications for removal from the New Zealand Register of Companies and for incorporation under the Corporations Act only if it has met all the requirements of section 351 of the Companies Act. Such applications will be made before the Company issues any New Lombard Shares to ACIL Shareholders.

Upon completion of the migration the Company will be subject to the requirements of the Corporations Act and will no longer need to comply with the Companies Act. The objectives of these two pieces of legislation are very similar, although there are some notable differences. These differences include:

- the Corporations Act has no equivalent to the major transaction requirement imposed by section 129 of the Companies Act, which provides that a company cannot enter into a transaction which has a value of more than half the value of the company's assets without the approval of a special resolution. However, the Company will still be subject to the Listing Rules which has a similar rule, albeit that it is based on average market capitalisation and requiring only an Ordinary Resolution of shareholders; and
- provisions regarding the acquisition of increased voting control in listed companies and companies with more than 50 members is governed by the Corporations Act. The Corporations Act permits shareholders who hold at least 19% of the voting power in such companies to increase their voting power by up to 3% above the voting power the shareholder held in the 6 months before the relevant acquisition. Such arrangements are not permitted under the New Zealand Takeovers Code unless a shareholder holds more than 50% of the voting rights in the relevant company.

The Company will also, upon completion of the migration, be subject to Listing Rule 4 as it will no longer be a "code company" (as that term is defined in the Takeovers Code). This Listing Rule provides various takeover related provisions which will apply in addition to the takeover provisions contained within the Corporations Act.

Resolution 4 is conditional on all other Resolutions in this Notice of Meeting being approved.

If all other Resolutions in this Notice of Meeting are not approved by the required majority of Existing Lombard Shareholders, the Migration will not take place and the Proposal will not proceed.

Explanatory Note 5 – Buy Back

Resolution 5 is to approve the Company offering to buy back the Existing Lombard Shares from Existing Lombard Shareholders and is proposed as an Ordinary Resolution. In order to participate in the Buy Back, Existing Lombard Shareholders must hold Existing Lombard Shares on the Entitlement Date, and continue to hold those Existing Lombard Shares on the Buy Back Offer Date.

Resolution 5 will not be proposed if Resolutions 1 to 4 are not passed.

The Buy Back will occur shortly after Lombard has issued the New Lombard Shares to the New Lombard Shareholders (subject to approval of the Buy Back by the New Lombard Shareholders, which is explained below).

The Buy Back's inclusion within the Proposal was proposed by the Company as a means of providing some liquidity to Existing Lombard Shareholders. In tandem with the Divestment and the Distribution, the intention of the Buy Back is to treat Existing Lombard Shareholders equally and fairly by ensuring they have the opportunity to receive some immediate value for their stake in Lombard. The Company expresses no view as to whether Existing Lombard Shareholders should participate in the Buy Back. Existing Lombard Shareholders do not have to sell their Existing Lombard Shares to the Company and

can retain all or a portion of these shares and hold a minority interest in Lombard. The decision as to whether to participate is one for each Existing Lombard Shareholder to consider based on your circumstances.

If the Buy Back takes place, Lombard will make an offer to acquire all of the Existing Lombard Shares held by persons who are Existing Lombard Shareholders on the Entitlement Date and who, on the Buy Back Offer Date, continue to hold the Existing Lombard Shares which they held on the Entitlement Date. Existing Lombard Shareholders are not under any obligation to accept the offer. The Buy Back will be priced at NZ\$0.01196 per Existing Lombard Share – which is equivalent to the exchange price for the New Lombard Shares to be received by the ACIL Shareholders under the Takeover Offer.

The Entitlement Date predates the allotment of New Lombard Shares, and New Lombard Shareholders will have no ability to participate in the Buy Back.

All Existing Lombard Shares acquired in this manner will be cancelled. As a result, any Existing Lombard Shareholders who sell all of their shares under the Buy Back will no longer have any interest in Lombard or the ACIL business acquired by Lombard. The Buy Back will not affect any holding of FOL shares.

The Board seeks your approval for the Buy Back.

For the purposes of Listing Rule 7.6.5, your approval of this Resolution is sought by way of Ordinary Resolution.

The Buy Back is proposed to occur only if all other parts of the Proposal are completed or have taken place. This means that, at the time the Buy Back is to take place, Lombard will be incorporated under, and will be required to comply with, the Corporations Act.

Section 257D(1) of the Corporations Act requires the Buy Back to be approved by either:

- (a) a special resolution passed at a general meeting of the Company with no votes being cast in favour of the resolution by any person whose shares are proposed to be bought back or by their associates; or
- (b) a resolution agreed to by all ordinary shareholders.

Accordingly, if this Resolution is approved by Ordinary Resolution of the Existing Lombard Shareholders, the Company will also be required under the Corporations Act to seek shareholder approval by way of Special Resolution at a meeting of the New Lombard Shareholders (**New Lombard Shareholders Meeting**). No Existing Lombard Shareholders will be permitted to vote at the New Lombard Shareholders Meeting, as required by the Corporations Act. The decision to seek approval of the New Lombard Shareholders by way of Special Resolution will satisfy the requirements of both the Listing Rules and the Corporations Act.

The terms of issue of the New Lombard Shares will provide that each holder must vote in favour of the Buy Back. Accordingly, the outcome of the New Lombard Shareholders Meeting is a mere formality but the meeting itself is still required by the Listing Rules and the Corporations Act.

After the Buy Back is approved at the New Lombard Shareholders Meeting, Lombard will make an offer to acquire (for the same share price as the valuation of Lombard Shares under the Takeover Offer, being NZ\$0.01196 per Existing Lombard Share), and cancel, all Existing Lombard Shares which are held by the Existing Lombard Shareholders on the Entitlement Date and continue to be held by them on the Buy Back Offer Date. As a result, any current Lombard Shareholders who sell all of their shares via the Buy Back will no longer have any interest in Lombard or the ACIL business acquired by Lombard.

Resolution 5 is conditional on all other Resolutions in this Notice of Meeting being approved.

If all other Resolutions in this Notice of Meeting are not approved by the required majority of Existing Lombard Shareholders, the Buy Back will not be put to New Lombard Shareholders

for approval and the Proposal will not proceed.

Explanatory Note 10 – Placement of New Shares

The Company proposes to offer and, to the extent that such offers are accepted, allot Ordinary Shares by way of private placement at an aggregate value of such Ordinary Shares of no more than NZ\$10,000,000 (**Placement Shares**) to such persons as the Board sees fit.

The Placement Shares will be offered and issued at an issue price of no less than NZ\$0.009 per Placement Share, which equates to a 25% discount on the price attributed to Ordinary Shares under the Takeover Offer and the Buy Back. The discount set out above is the maximum that will be offered. The Board will endeavour to obtain the best price for the Placement Shares that is in the best interest of shareholders. However, the Company requires the flexibility to offer such a discount if it deems it is in the best interests of the Company and its shareholders to do so.

If Resolution 10 is passed, the maximum number of Placement Shares Lombard will be permitted to issue under Resolution 10 is 1,111,111,111 Placement Shares. If Placement Shares are issued at the minimum allowable price and the maximum number set out above are issued, those Placement Shares would represent 42.49% of the Ordinary Shares on issue at that time. As a result, holders of Existing Lombard Shares and New Lombard Shareholders will have their interest in Lombard diluted.

None of the current Directors, or any Associated Person of the current Directors, will be permitted to subscribe for the Placement Shares.

The purpose of issuing the Placement Shares is to raise capital to recapitalise ACIL's business to:

- fund existing payment obligations resulting from ACIL's previous acquisitions, some of which are currently due on 31 March 2010;
- reduce the extent to which ACIL makes use of its overdraft facility for the purpose of reducing debt levels, which in turn will improve ACIL's debt to equity ratio;
- pay costs associated with implementing the reverse listing and completing the capital raising contemplated by Resolutions 10 and 11; and
- funding working capital.

The Placement Shares may be offered and issued at any time up to 12 months after the date Resolution 10 is passed.

The Placement Shares will rank equally with all other Ordinary Shares as to voting rights and rights to dividends and distributions.

Explanatory Note 11 – Redeemable Convertible Preference Share Issue

The Company proposes that, if the Takeover Offer is successful, the Company (or a wholly-owned subsidiary of the Company, with the relevant issuer of the RCPS being referred to in this Explanatory Note 11 as the **Issuer**) will offer and, if such offers are accepted, allot up to 10 million RCPS (**Initial Allocation**), with the possibility at the Board's discretion of accepting oversubscriptions for up to 5 million RCPS, at an issue price of NZ\$1 per RCPS (**Issue Price**). If the Issuer is a wholly-owned subsidiary of Lombard, Lombard will act as guarantor of the subsidiary's obligations in respect of the RCPS. Further details are set out under the heading "Guarantee" below.

The purpose of issuing the RCPS is to raise capital to recapitalise ACIL's business to:

- fund existing payment obligations resulting from ACIL's previous acquisitions, some of which are currently due on 31 March 2010;
- reduce the extent to which ACIL makes use of its overdraft facility for the purpose of reducing debt levels, which in turn will improve ACIL's debt to equity ratio;
- pay costs associated with implementing the reverse listing and completing the capital raising contemplated by Resolutions 9 and 10; and
- funding working capital.

The terms of the RCPS (further details of which are set out below) will provide that, on the date the RCPS are redeemed, the Issuer may opt to convert the RCPS into Ordinary Shares in Lombard. Accordingly, for the purposes of Listing Rule 7.3.1(a), approval of Resolution 11 for the issue of the RCPS, and the issue of the Ordinary Shares that would be required to be issued by Lombard on the conversion of the RCPS, is sought by way of an Ordinary Resolution.

If Resolutions 10 and 11 are approved, and the Company raises the NZ\$10 million sought through the proposed private placements described in Explanatory Note 10, the Issuer will not proceed with the issue of RCPS. If the Company raises less than the NZ\$10 million through the proposed private placements then the Board may, at its discretion proceed with the offer of RCPS. In that case, the maximum number of RCPS to be offered will be the number required to make up the shortfall in the funds that are not raised under the private placement. However, the Board will retain the right to

accept oversubscriptions for up to a further 5 million RCPS.

Both Existing Lombard Shareholders and New Lombard Shareholders will be permitted to apply to subscribe for RCPS. However, applications for RCPS will be treated on a 'first come, first served' basis. As a result there is no guarantee that Existing Lombard Shareholders or New Lombard Shareholders will be successful in their applications for RCPS.

The RCPS will be offered and issued on the following key terms.

Minimum amount to be raised: The minimum amount to be raised under the offer of RCPS is NZ\$500,000. If applications for the minimum amount to be raised under the offer of RCPS are not received by the closing date (the closing date being no later than 10 March 2011), the issue of the RCPS will not proceed.

Initial term: The RCPS are intended to be allotted on a monthly basis after the minimum subscription requirement is reached (with the first such allotment date being the **Initial Allotment Date**, and all subsequent allotment dates being **Allotment Dates**). The initial term of each RCPS is up to 18 months from the Initial Allotment Date (**Initial Term**). This means that:

- RCPS issued on the Initial Allotment Date will have an Initial Term of up to 18 months; and
- the Initial Term of RCPS issued after the Initial Allotment Date will be shorter than 18 months (or such lesser term as the Issuer decides). The term for such RCPS will be 18 months less the period of time between the Initial Allotment Date and the Allotment Date of the RCPS in question.

Extension of Term: The term of the RCPS can be extended (at the option of the Issuer) for one further term of 6 months after the expiry of the Initial Term (**Extended Term**). If the Issuer opts to extend the term, the preferential fixed dividend payable on the RCPS will be reset for the Extended Term (as set out under the heading "Preferential fixed dividend rate" below).

Preferential fixed dividend rate: The RCPS will be entitled to a preferential fixed dividend (**Preferential Fixed Dividend**), calculated as 9.95% per annum of the Issue Price (**Preferential Fixed Dividend Rate**). If the Issuer elects to extend the Initial Term by the Extended Term, the Preferential Fixed Dividend Rate will, for the Extended Term, be reset at 1% above the Preferential Fixed Dividend Rate. If any Preferential Fixed Dividends are not paid on the 25th day of each month, the due Preferential Fixed Dividend will compound until the next monthly distribution or such time as the Preferential Fixed Dividends can be paid. Any overdue Preferential Fixed Dividends will incur a fixed dividend rate 1% per annum above the Preferential Fixed Dividend Rate.

Redemption: The redemption date of the RCPS is the earlier of the expiration of the Initial Term (or, if applicable, the Extended Term) (**Proposed Redemption Date**) and the date of earlier redemption at the option of the Issuer (**Early Redemption Date**). Holders of RCPS will not have the right to request redemption earlier than the Proposed Redemption Date. The Issuer may redeem all or a proportion of each holder's RCPS on an Early Redemption Date by giving one month's notice to holders that the RCPS will be redeemed. The Issuer may give a notice of partial early redemption on more than one occasion. The redemption of the RCPS is subject to the Issuer's right to convert the RCPS into Ordinary Shares as described under the heading "Conversion" below.

Conversion: The Issuer may elect to convert the RCPS into Ordinary Shares in Lombard on the Proposed Redemption Date, or an Early Redemption Date, by giving no less than one month's notice to holders in writing. The Issuer may give notice of conversion in respect of all or a specified proportion of the RCPS held by a holder. The Issuer may give a notice of partial conversion of RCPS on more than one occasion. If the Issuer elects to convert RCPS into Ordinary Shares in Lombard:

- the Issuer will pay holders of RCPS:
 - a one off bonus payment of an amount equivalent to one month's Preferential Fixed Dividend; and

- all accrued but unpaid Preferential Fixed Dividends;
- the Ordinary Shares issued on the conversion of the RCPS will rank equally with existing Ordinary Shares, including as to voting rights and rights to dividends; and
- the number of Ordinary Shares to be issued will be calculated in accordance with the formula set out below.

$$S = \frac{IP}{MP}$$

where

- S** = the number of Ordinary Shares to be issued for each RCPS that the Issuer elects to convert into Ordinary Shares
- IP** = the Issue Price of an RCPS
- MP** = the volume weighted average price of the Ordinary Shares traded on the NZSX in the 20 trading day period preceding the Proposed Redemption Date or Early Redemption Date (as applicable), less 5%

Rights of RCPS: RCPS have the right to receive the Preferential Fixed Dividend. RCPS do not have:

- the right to receive any other dividends paid by the Issuer;
- the right to a share in the distribution of the surplus assets of the Issuer;
- the right to vote on shareholder resolutions in respect of the Issuer other than a resolution to liquidate the Issuer or to change the terms of the RCPS.

Ranking of RCPS: Each RCPS will rank equally with all other RCPS. Upon the liquidation of the Issuer, holders of RCPS:

- will have the right to be repaid the Issue Price and all accrued but unpaid Preferential Fixed Dividends; and
- in respect of such payments, will rank in priority to the holders of ordinary shares in the Issuer, but will rank behind all secured creditors of the Issuer.

Date for payment of Issue Price: Payment for the RCPS is to be made in full at the time of application for RCPS.

Directors prohibited from acquiring RCPS: The current Directors, and any Associated Person of the current Directors, are not permitted to acquire RCPS.

Guarantee: If the Issuer is a wholly-owned subsidiary of Lombard, Lombard will guarantee the obligations of the subsidiary under the RCPS. The guarantee will be an unsecured obligation. Claims of RCPS under the guarantee will rank in priority together with the unsecured creditors of the Company, but will rank ahead of holders of Ordinary Shares.
